DEPARTMENT OF TRANSPORTATION DRUG TESTING

The Department of Transportation now requires all drivers who provide public transportation to be part of a drug testing program. This program requires testing at the time of licensing, in case of an auto accident and on a random basis. HEALTHSOUTH IMC Health care Centers in conjunction with Corning Nichols Institute and Greystone Services have set up a drug testing program for all private cab drivers. .

DRUG TESTING COLLECTION SITES

HEALTHSOUTH IMC Healthcare Centers have established the following collection sites for drug screens under this program. Collection procedures will follow NIDA (National Institute of Drug Abuse) guidelines.
